# STRATEGY

The following are strategies we are implementing to boost Octavia Hill's brand presence, increase reach, impressions, and engagement.

## Instagram Location Tagging

- Adding a location tag for Philadelphia to Instagram posts to boost local discovery and increase impressions from nearby users.

## Collaborative Posting

- Spotlight nearby small businesses, concerts, sports events, and local history to create a strong sense of place.
  - Proactively reach out to organizers of local events for permission to share official event materials on social media to expand reach.

## Engagement-first Strategy

- Fewer graphics, more organic photos and interactive posts to boost engagement (polls, guesses, “this or that”).

## Include Historical Information and Original Photography

- If you are able to, please send over photos of the following to [socialmedia@agmsolutions.com](mailto:socialmedia@agmsolutions.com):
  - Historical photos of Octavia Hill properties
    - Please include any relevant historical facts/information if possible!
  - Unit/home interiors
  - Daily scenery from around your properties (if Community Managers are on site)
    - Ex: Snow days, rainbow, etc.

*See page 5 for social media metric definitions.*

# SOCIAL MEDIA METRICS

## **Views/Impressions**

Impressions is the total number of times a piece of content is displayed on a screen. Meta calls this metric views.

## **Reach**

The number of unique viewers who saw your content.

## **Total Content Interactions**

The cumulative amount of reactions, comments, shares and clicks gained during the selected reporting period.
